**7(a) Loan Program, Small Business Administration (SBA)**
- For start-up businesses that operate in rural areas.
- Low interest loans for up to seven years.
- May establish a new business or to assist in the acquisition, operation, or expansion of an existing business.
- May also be used to purchase land.
- Contact your local Small Business Development Center for more information on how to apply.

- Loan proceeds may be used to establish a new business or to assist in the acquisition, operation, or expansion of an existing business.
- Each fiscal year, the FSA targets a portion of its direct and guaranteed farm ownership (FO) loans to beginning farmers and ranchers with three years farm management experience and meet all program requirements to qualify.

**Beginning Farmer Farm Ownership (FO) Loan Program, United States Department of Agriculture (USDA) Farm Service Agency (FSA)**
- Provides direct and guaranteed loans to beginning farmers and ranchers who are unable to obtain financing from commercial credit sources.
- Each fiscal year, the FSA targets a portion of its direct and guaranteed farm ownership (FO) loans to beginning farmers and ranchers with three years farm management experience and meet all program requirements to qualify.

**Certified Development Company (CDC/504) Loan Program, SBA**
- Provides growing businesses with long-term, fixed-rate financing for major fixed assets, such as land and buildings.
- Typically, a 504 project includes a loan secured with a senior lien from a private-sector lender covering up to 50 percent of the project cost, a loan secured with a junior lien from the Certified Development Company (CDC) (backed by a 100 percent SBA-guaranteed debenture) covering up to 40 percent of the cost, and a contribution of at least 10 percent equity from the small business being helped.

**Downpayment Program for Beginning Farmers by USDA, FSA**
- Cash downpayment of 5% of purchase price must be made.
- Maximum loan amount $225,000.
- 20 year loan at interest rate between 1.5 and 3%.
- Remainder of loan must come from a commercial source - FSA guarantees 95% of that loan to lender.
- Retiring farmers may use this program to transfer their land to future generations.

**Organic Farmland Access/Succession Program, New Spirit Farmland Partnerships**
- Helps farmers start, maintain and grow their organic or sustainable operations by addressing their need for long-term access to land.
- Links farmers with socially motivated investors who will purchase the farmland and lease it to them on long-term, renewable leases with an option to buy.

**Working Farms Capital**
- Targets organic midsize farmers (80 acres or greater at business maturity) that have identified parcels of land they would like to purchase.
- This firm negotiates a sale so they can lease it to the beginning farmers on a five year lease with an option to buy.
- Investors provide “patient capital.” They expect modest financial returns but are investing in a social benefit as well.

**Vilicus Capital Partners**
- Group of investors buy farmland for beginning organic farmers, lease it to them until the beginner is in a position to buy the land.
- Investors feel great about helping an organic farmer, while putting their money in an asset that appreciates in value.

**Young and Beginning Farmer Program, Farm Credit Services**
- Beginning farmer loans (aged 35 and under with 10 years or fewer experience) for real estate, operating, insurance, and more.
- Youth in Agriculture (18 years and under) market livestock loans up to $2,500 per student. Individual Student breeding livestock loans up to $10,205.

**Spirit Farmland Partnerships and Loan Participation Program, Commercial Lenders**
- Helps Iowa beginning farmers purchase agricultural land, depreciable machinery or equipment, breeding livestock or buildings.
- Issues federal tax-exempt bonds to lenders or contract sellers to assist beginners to acquire agricultural property.
- Interest payments collected by lender are also tax-exempt which allows them to charge beginners a lower interest rate.
- New purchases only, cannot be used to refinance existing debt.

**Working Farms Capital**
- Helps farmers start, maintain and grow their organic or sustainable operations by addressing their need for long-term access to land.
- Links farmers with socially motivated investors who will purchase the farmland and lease it to them on long-term, renewable leases with an option to buy.

*** Also, consider using debt financing from friends/family to get some much needed working capital to purchase items that depreciate within one year, or for which a security cannot be taken from the bank. Work with a lawyer to write up a Promissory Note, and Term Sheet to ask for funds to start-up your business. Present a business plan with a fund request letter to your supporters.
