The foundation of this Flock was laid in 1673 by the purchase of Ewes from the late Allen Pearson of Lyton, and these were mated with a Prize-winning Ram named "Samson," bred by and the property of the late John Hodgson of Muckerkin. Sheep were added in 1854 at the dispersal of the last-named Flock. A large number of prize winners have been bred from these sheep. In 1901 I entered upon the Wasdale Head Hall Farm with the Flock of 1st Sheep which have been bred continuously with this Farm for over 200 years.
