

2021 CARGILL/PEPSICO LOW CARBON CORN PROGRAM

PEPSICO

▶ DO YOU SELL CORN DIRECTLY TO THE CARGILL FACILITY AT EDDYVILLE, IA? ◀

NEW TO COVER CROPS?

Receive \$40/acre on up to 40 acres to give it a try.

BEEN USING COVER CROPS?

Receive \$10/acre on 160 acres or 10% of acres farmed, whichever is larger.

Sign up to determine eligibility here: bit.ly/CoverCropCostShare

If eligible, farmer will:

- Plant cover crops on land not already included in another private cost share program.
Ineligible if also in programs including Indigo Carbon, ESMC, Bayer Carbon and Nori. If in Soil and Water Outcomes Fund program, field eligibility needs to be determined.
- Attend a cover crop or soil health field day or workshop. Virtual options available.
- Complete 20-minute Crop Production Survey and data entry with PFI, if requested.
- Complete 20-minute Wrap-Up Survey to recap cover crop practices and final acres planted.
- Give permission to PFI to request FSA-578 forms to certify acres farmed.
- Submit to PFI copies of cover crop receipts for verification of acres planted.
- If new to cover crops, discuss cover crop plan with a PFI cover crop expert (30 min phone call).

Cargill corn merchant will:

- Confirm farmer's corn deliveries to Cargill facility at Eddyville, IA of grain harvested from an equivalent number of acres to the cost share.

PepsiCo and Cargill will:

- Compensate farmer by March 31, 2022, upon verification of completed requirements.
