MEET THE SOUTHERN IOWA GRAZING CONFERENCE SPEAKERS

Joshua Dukart

Joshua and Tara Dukart have been practicing Holistic Management since 2008. Their ranch in Western North Dakota focuses on using the principles of Holistic Management to regenerate and enhance their land animals finances community and quality of life. Through vision and faith Joshua and Tara aspire to not just conserve but to regenerate landscapes farming and ranching businesses and create win-win situations for families communities, business teams and organizations.

Greg Christiansen

Greg and Ann along with their three children own and operate Grandview Livestock in East Central Kansas. They raise meat goats along with corn, soybeans, wheat and hay. For over 20 years they have been using goats and hair sheep to manage invasive brush and trees on their own farm as well as neighbors cattle operations. Greg's book raising meat goats in a commercial operation address many problems with raising meat goats.

Megan Filbert and Practical Farmers of Iowa

As Practical Farmers of Iowa livestock program manager, Meghan Filbert's expertise includes livestock integration into cropping systems, adaptive and holistic grazing, cover crop grazing, cover crop and meat marketing. Meghan is a beginning farmer in central Iowa where she uses goats and sheep to reclaim Iowa's native oak savanna ecosystem. Practical Farmers of Iowa is an inclusive organization representing a diversity of farmers. These farmers come together to move their operations toward sustainability.

Daniel Olson

Kevin is Married to wife , Mary, together they have 3 sons, Jacob, Tyler, and Kieran. Their farm has been 100% grass based since 1980. They are a seasonal, certified organic, 100% grass-fed dairy farm milking 70 cows. And own 185 acres and rent 50 more for pasture and hay ground.

QUESTIONS OR

REASONABLE ACCOMMODATIONS

Steven—641-664-2379

John Henry—641-664-0202

*High stock density grazing is the most
powerful tool available to increase the
health and stability of grassland*
—Walt Davis

*Your resources are grass, livestock, and
money. It is hard to have too much grass
or money but real easy to have too much
livestock*
—Bud Williams
