

Both cost-share programs

- Participants must farm in an eligible county in Iowa, Illinois, Minnesota, Missouri, Nebraska or South Dakota OR sell wheat to ADM in Mendota, IL or Lincoln, NE. See map below for eligible counties
- Acres must be conventionally managed or in transition to organic (certified organic acres are not eligible)
- Acres cannot simultaneously be enrolled in a private carbon program (Bayer Carbon, etc.), nor a USDA “Advancing Markets for Producers” program (formerly “Partnerships for Climate Smart Commodities”) such as Farmers for Soil Health, ADM re:generations, Missouri- CRCL. Please inquire with PFI if you’re unsure about stacking programs
